Company Profile

Founded in 2020, ONEJ is a high-tech innovation enterprise integrating R&D, production and sales, located in Shenzhen and Jiangxi with 20000m². R&D personnel accounts for 35% among them. ONEJ has achieved the comprehensive self-development and mass production of structure, software, hardware and algorithms.

Global business expansion

After more than 10 years of development, ONEJ focuses on window cleaning robots, floor washing robots, etc. ONEJ specializes in ODM/OEM, and has exported to all over the world, such as Europe, Asia, South-America, Australia and etc., and with an annual production capacity of more than 1000,000 units.

Obtained certificates worldwide for worldwide market

Applied patents in total 200+, including invention patent, utility patents and design patents. Certificate with ISO9001:2015, CE, RoHs, Reach, FCC, UKCA and EAC are available.

Customer-oriented

ONEJ always sticks to the concept of Customer-focused in Product & Service, and grow up with the customers together to create more novel product value.

YW2 Series

Square window cleaning robot

Entry level square model & more flexible

-  One key to clean
-  Three cleaning modes
-  Lower noise
-  UPS for 25-30mins

Optional:

-  2.4G remote control
-  Automatic water spray
-  Voice prompt
-  TUYAAPP/ OTA
-  Without / Single / Double water spray

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65~70dB
Suction power	7000pa
Back-up working time (If power-failure):	25-30mins
Frame detection	Yes
Modes	3

Accessories

Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control, user manual

YW205/215/225

Without/ Single/ Double/ Four water spray

YW203

Telescopic handle

YW206/216/226

Single/ Double/ Four water spray

YW209/229/239

Without/ Single/ Double/ Four water spray

YW3 Series

Square window cleaning robot

New compact chassis with wet cleaning

-  Constantly wet cleaning without slipping
-  2.4G remote control
-  4 Four cleaning modes
-  UPS for 25-30mins
-  8000Pa strong suction power
-  Stable suction power

Optional:

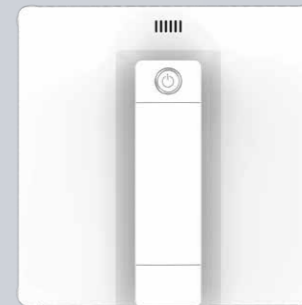

-  Double / Four water spray
-  Pump water spray
-  Voice prompt
-  TUYA APP/OTA
-  Water shortage alert
-  Base station

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65~70dB
Suction power	8000pa
Back-up working time (If power-failure):	25-30mins
Frame detection	Yes
Modes	4 (Fast Cleaning/Extensive Cleaning/Edge Cleaning/Spot Cleaning)
Accessories	Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control, user manual

YW332
Double/ Four water spray

YW333
Double/ Four water spray

YW326/336
Double/ Four water spray

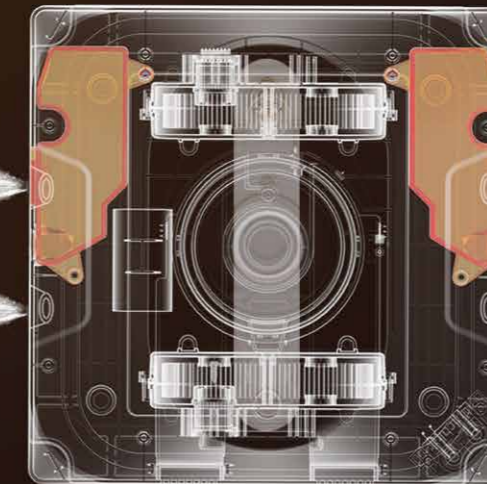

YW327/337
Double/ Four water spray

Window cleaning expert

Window cleaning expert

YW5 Series

Square window cleaning robot

Classic full-coverage large-sized & large capacity water tank

- Double water spray
- UPS for 25-30mins
- Lower noise
- 2.4G remote control
- Stable suction power

Optional:

- TUYA APP/OTA
- Voice prompt
- Double water tank, four nozzle
- Base station

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65~70dB
Suction power	7000pa
Back-up working time (If power-failure):	25~30mins
Frame detection	Yes
Modes	4 (Fast Cleaning/Extensive Cleaning/Edge Cleaning/Spot Cleaning)
Accessories	Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control, user manual

YW500

Fixed handle(double/four water spraying)

YW501

With leather handle

YW7 Series

Square window cleaning robot

Stable flagship & constant wet cleaning

-  Double water spray
-  Lower noise
-  Four cleaning modes
-  Stable suction power
-  UPS for 25-30mins

Optional:

-  Voice prompt
-  TUYA APP/OTA
-  Double water tank, four nozzles

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65~70dB
Suction power	7000pa
Back-up working time (If power-failure):	25-30mins
Frame detection	Yes
Modes	4 (Fast Cleaning/Extensive Cleaning/Edge Cleaning/Spot Cleaning)
Accessories	Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control,user manual

YW700/730

With handle

YW701

With leather handle

Base station

YW703/733

Leather handle with detachable water tank

Window cleaning expert

Window cleaning expert

YW7 PRO Series

Square window cleaning robot

Innovative handle & water pump spraying

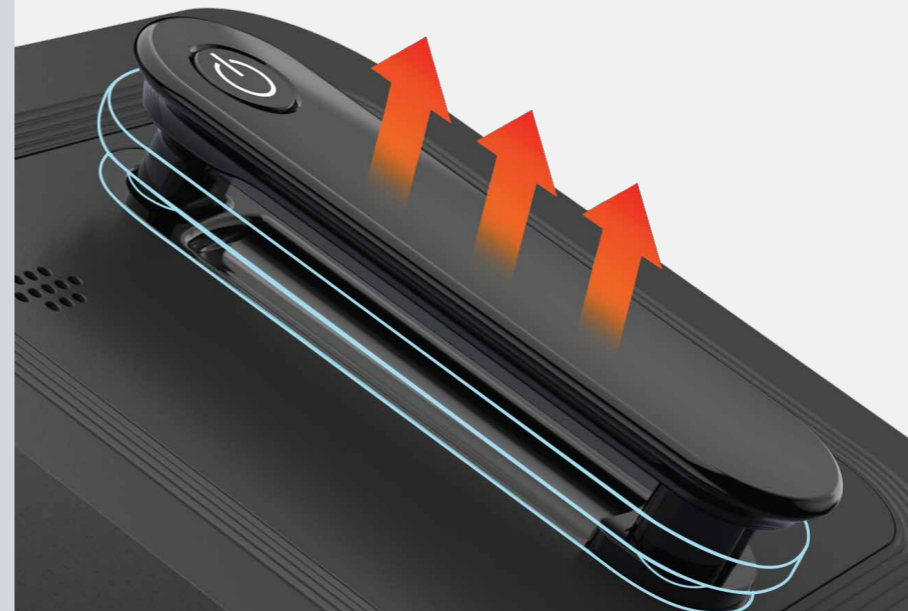

-  Constantly wet cleaning without slipping
-  2.4G remote control
-  Lower noise
-  Four cleaning modes
-  UPS for 25-30mins
-  Stable suction power

Optional:

-  Voice prompt
-  TUYA APP/OTA
-  LED status display
-  Water volume detection
-  Water spraying towards four directions with 6 nozzles
-  Base station

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65~70dB
Suction power	7000pa
Back-up working time (If power-failure):	25-30mins
Frame detection	Yes
Modes	4 (Fast Cleaning/Extensive Cleaning/Edge Cleaning/Spot Cleaning)
Accessories	Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control, user manual

YW757

With mechanical handle

YW705

With electric lifting handle

YW758

With handle

YW706

With telescopic handle

YW707

With mechanical handle

YW7 MAX Series

Square window cleaning robot

No blind spots & ultra-large visible water tank

-  Constantly wet cleaning without slipping
-  Four cleaning modes
-  2.4G remote control
-  UPS for 25-30mins
-  Lower noise
-  Stable suction power
-  Clean without dead angles

Optional:

-  Voice prompt
-  TUYA APP/OTA
-  LED status display
-  Water volume detection
-  Water spraying towards four directions with 6 nozzles
-  Base station

Parameters

Power	72W
Battery	500mAh(14.8V)
Noise	65-70dB
Suction power	7000pa
Back-up working time (If power-failure):	25-30mins
Frame detection	Yes
Modes	4 (Fast Cleaning/Extensive Cleaning/Edge Cleaning/Spot Cleaning)
Accessories	Power adapter, AC cord, extension cable, cleaning pads, water injection bottle, water spray bottle, remote control, user manual

YW761

YW769

With leather handle

Window cleaning expert

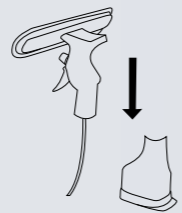

Window cleaning expert

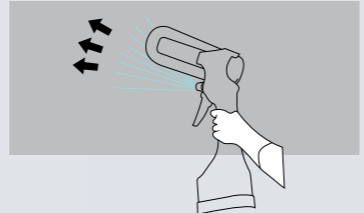

YG100

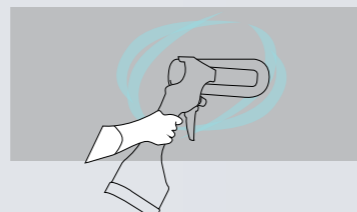

Wireless & light-weight

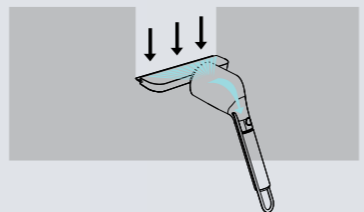

Step 1: Pour cleaning solution

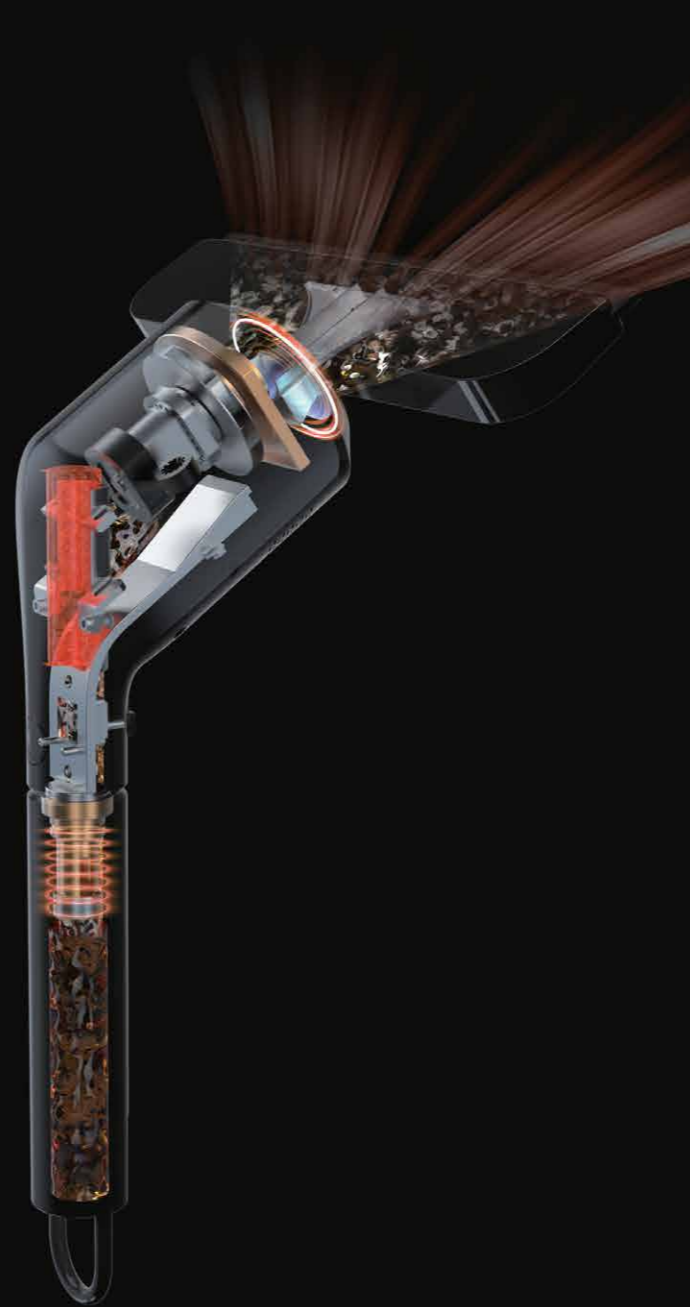

Step 2: Spray cleaning solution

Step 3: Wipe a stain

Step 4: Scrap sewage

YG1 Series

Cordless window vacuum cleaner

Innovative spray & wiping & vacuuming in one

Wireless&light-weight

Easy to store

Powerful decontamination

One-key dumping

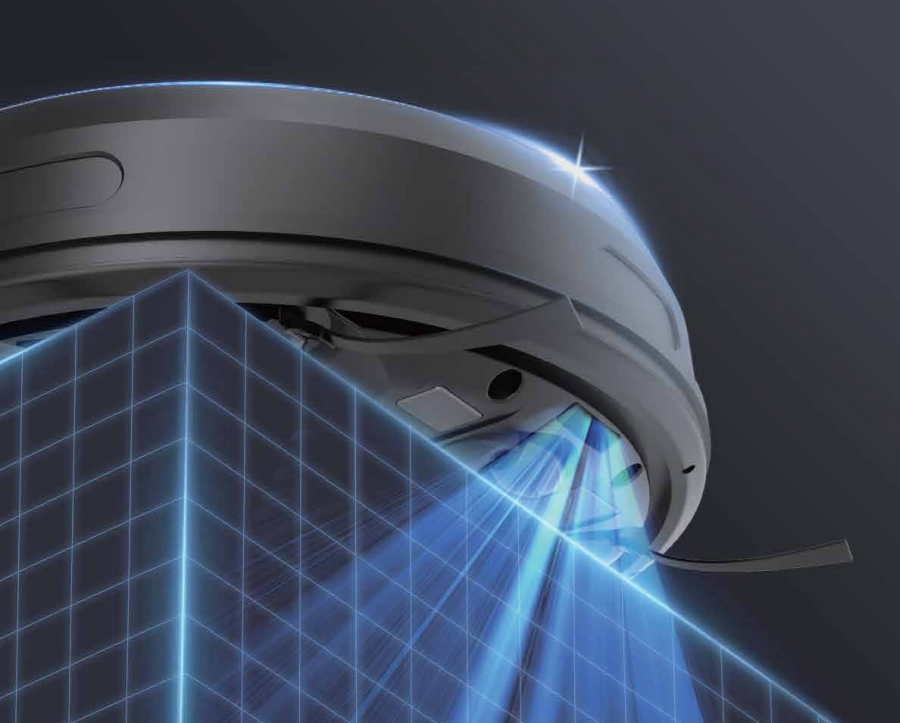

Optional:

Watering Can

Parameters

Power	72W
Battery	2000mAh(3.7V)
Noise	≤65dB
Suction power	680pa
Cleaning modes	1 mode
Accessories	AC cord, watering can,user manual

Robot vacuum cleaner

Random

Vacuuming & mopping

Larger dust bin

Two cleaning modes

Mopping plate

Optional:

WiFi Connection

Gyro-Navigation

Water tank

YS200

One-click self-cleaning

Parameters

Power	15W
Battery	1800mAh(7.4V)
Noise	≤65dB
Suction power	500pa
Cleaning modes	2 modes
Accessories	Adapter, dust bin, mop cloth, side brush, mopping plate, filter, user manual

Floor washing robot

Gyro navigation

Vacuuming & mopping

Sewage recycling

Two cleaning modes

LED display

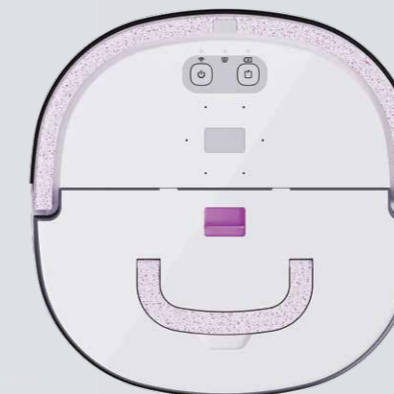

Optional:

WiFi Connection

YD500

vacuum and mop combo

Parameters

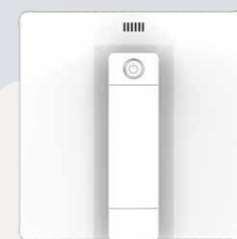

Power	40W
Battery	4000mAh(14.8V)
Noise	≤65dB
Suction power	2500pa
Cleaning modes	2 modes
Accessories	Charging base, adapter, waterproof pad, cleaning brush, rolling brush, user manual
